Subject: More Dimock data on the way

Hi, Christine, James, et al, There's a good chance that while I'm away Apr 5-10, R3 will post monitoring data for the second round--20 Dimock, Pa. houses. As was done a couple of weeks ago for round 1 results, the file(s) will be posted to the osc.org website by OSC Rich Fetzer. Links should be placed on the EPA in PA page. Please consider, as we recently discussed, use of anchor tags so that the growing list of Dimock documents can be moved to the bottom of the page, with the Dimock heading remaining where it is near the top.

Christine handled the recent additions, creating the "Dimock PA Activities" heading on the PA page. Thanks to whoever will help for this next round. Larry
